

Employee prescription savings card program

Supporting a Healthier and More Productive Workforce

United Way, in partnership with SingleCare (formerly FamilyWize), offers a prescription discount program as a great supplement to your company's wellness program.

The SingleCare Prescription Savings Card:

- Is free and easy to use. Simply show the card to the pharmacist whenever you fill a prescription.
- Reduces prescription costs by up to 80%.
- Covers 10,000+ FDA-approved medications.
- Has no registration or eligibility requirements.
- Accepted at major pharmacies nationwide.
- Often beats insurance copay prices.

Employers Should Know:

- This program does not require any administration paperwork or maintenance records
- Employees with questions not answered by the FAQ should be referred to SingleCare.com for additional information.
- The card provides immediate prescription assistance for:
 - New hires
 - Part-timers
 - Employees' dependents
- Many employers include a card in the employee orientation packages.
